I Chereese Jihad Plaintiff was fired by M.I.T at the medical Dept, where I worked as an assistant Dentist.

On March 10, 2003 I sought the advice of my office manager MS Donna Hayes, on the fact that Dr Bonnie Padwa referred to me as a monkey stating "you MONKEYS need to get your stories together"

After having telling MS Hayes of this, she instructed me to file a complaint, at which I did.

The following day 3/11/03 I was fired by MS Hayes Reason being was "my lack of performance"

MS Donna Hayes and Dr Bonnie Padwa and others mention before conspired to put together lies to support one another stories against me.

MS. Hayes also has been proved to have gone into my medical record, without my permission.

~~These~~ ^{These} facts were ~~presented~~ presented to M.C.A.D and in their findings they did not mention.

It is with this I request the Plaintiff request your help by trial and request the amount of damages as put forth before.

Thank you
Chereese Jihad
